O. Reg. 339/94, s. 1.

GENERAL

2. If a person is convicted of an offence under a provision of an Act, regulation or municipal by-law set out in Column 1 of the Table to this Regulation and the penalty imposed by the court for the conviction does not include a period of licence suspension, the Registrar shall record in respect of the person, as of the date of commission of the offence, the number of demerit points set out opposite thereto in Column 2. O. Reg. 339/94, s. 2.

(2) If a person is convicted of two or more offences arising out of the same circumstances and the penalty imposed by the court in respect of any of the convictions does not include a period of licence suspension, demerit points shall only be recorded for the conviction carrying the greatest number of points and, if that number is the same for two or more convictions, points shall be recorded for one conviction only. O. Reg. 339/94, s. 3.

4. (1) If a resident of Ontario is convicted or forfeits bail in another province or territory of Canada or in one of the states of the United States of America for an offence that, in the opinion of the Registrar, is in substance and effect equivalent to an offence for which demerit points would be recorded upon conviction in Ontario, the Registrar may record the demerit points for the conviction as if the conviction had been entered or the bail forfeited in Ontario for the equivalent offence.

(2) For the purposes of subsection (1), “conviction” includes a plea of guilty or a finding of guilt.

(3) Any accumulated demerit points of a new Ontario resident who becomes a fully licensed driver or a novice driver here, including a person classed as a novice driver under subsection 28 (6) of Ontario

Regulation 340/94 shall be reduced, from the day on which he or she becomes a fully licensed driver or a novice driver,

5. (1) If a person convicted of an offence set out in Column 1 of the Table appeals the conviction and notice of the appeal is served on the Registrar, the conviction and the demerit points related to it shall not be entered on the person’s record unless the conviction is sustained on appeal.

(2) If a conviction referred to in subsection (1) and related demerit points have been recorded prior to service of notice of an appeal on the Registrar, the conviction and demerit points shall be removed from the record, and any suspension imposed as a result of the conviction shall be stayed, as of the date notice is served on the Registrar, unless the conviction is sustained on appeal. O. Reg. 339/94, s. 5.

6. (1) The Registrar or the Minister gives sufficient notice of the suspension of a licence to a person to whom such notice must be given under this Regulation if he or she sends it by registered mail to the person’s latest address appearing on the records of the Ministry.

(2) The Registrar shall state the effective date of any licence suspension in the notice.

(3) The period of licence suspension is concurrent with the unexpired portion of any other licence suspension under this or any other authority. O. Reg. 339/94, s. 6.

DEMERIT POINTS: FULLY LICENSED DRIVERS

7. (1) If a person who is a fully licensed driver in Ontario in one or more licence classes or a person who is not a resident of Ontario has six, seven or eight accumulated demerit points, the Registrar shall mail a notice setting out the number of points to the person at his or her latest address appearing on the records of the Ministry.

(2) A failure to give notice under subsection (1) does not render any further proceeding under this Regulation ineffective. O. Reg. 339/94, s. 7.

8. (1) If a person who is a fully licensed driver in Ontario in one or more licence classes or a person who is not a resident of Ontario has 9, 10, 11, 12, 13 or 14 accumulated demerit points, the Registrar may require the person to attend an interview before a Ministry official and to provide information or other evidence to show cause why his or her driver’s licence should not be suspended.

(2) The Minister may, after giving notice, suspend the person’s driver’s licence,

- (a) if the person fails to attend the required interview; or
- (b) if the person does not comply with the Ministry’s requirements as a result of the interview; or
- (c) if, in the Minister’s opinion, the person has not shown cause at the interview why the licence should not be suspended.

(3) A licence suspended under subsection (2) shall not be reinstated until such period as the Minister considers advisable has elapsed from the date the licence was surrendered on account of the suspension or two years have elapsed from the date of the suspension, whichever occurs first. O. Reg. 339/94, s. 8.

9. (1) If a person who is a fully licensed driver in Ontario in one or more licence classes or a person who is not a resident of Ontario has 15

or more accumulated demerit points, the Registrar shall, after giving notice, suspend the person's driver's licence.

(2) A licence suspended under subsection (1) shall not be reinstated until,

(4) If a suspension is imposed on a person who, at the time of the suspension, is a fully licensed driver in Ontario in one or more licence classes or a person who is not a resident of Ontario, the person's accumulated demerit points for convictions for offences that occurred prior to the effective date of the suspension shall be reduced to seven on that date and the remaining points shall be those recorded for the most recently committed offences. (2) A failure to give notice under subsection (1) does not render any further proceeding under this Regulation ineffective. O. Reg. 339/94, s. 12.

13. (1) If a person's accumulated demerit points in a period during which he or she was a probationary driver total six or more, the Registrar shall, after giving notice, suspend the person's driver's licence.

PROBATIONARY CREDITS

14. (1) A probationary driver ceases to be probationary upon accumulating two probationary credits.

(2) A probationary driver is entitled to one probationary credit for each probationary period during which he or she,

- (a) holds, for a total of 12 months, a valid driver's licence, other than a Class L or R driver's licence, issued under the Act; and
- (b) does not commit any offence, the conviction for which would result in licence suspension or would have resulted in licence suspension had his or her accumulated demerit points not been reduced by the Registrar under section 9 or 13.

(3) A probationary driver whose licence is suspended during a 12-month probationary period under subsection 9 (1), clause 32 (12) (b), section 46, section 47 for failure to meet medical standards, or section 198 of the Act, or under the *Motor Vehicle Accident Claims Act* or the *Compulsory Automobile Insurance Act*, does not lose a probationary credit under subsection (2) for the probationary period in which the suspension takes place.

(4) Although, under subsection (3), there is no loss of a probationary credit, the probationary period during which the suspension takes place shall be extended by a length of time equal to the duration of the suspension and entitlement to a probationary credit depends upon compliance with the requirements set out in subsection (2) during the extended period.

(5) If the driver's licence of a probationary driver is suspended for any reason other than a reason set out in subsection (3), a new probationary period shall start on the day after the day the suspension expires.

(6) If a probationary driver with one probationary credit is convicted of an offence committed within the period for which he or she acquired the credit and the conviction results in licence suspension for any reason other than a reason set out in subsection (3), the credit for that period shall be revoked unless the probationary driver meets the requirements set out in subsection (2) during the period from the commission of the offence until the effective date of the suspension.

(7) If a probationary driver with one probationary credit is convicted of an offence committed within the period for which he or she acquired the credit and the conviction would have resulted in licence suspension had his or her accumulated demerit points not been reduced by the Registrar under section 13, the credit for that period shall be revoked unless the probationary driver meets the requirements set out in

subsection (2) during the period from the commission of the offence until the effective date of the demerit point reduction.

(8) If a person who has ceased to be a probationary driver under subsection (1) is convicted of an offence committed within a period for which he or she acquired a probationary credit, and the conviction results in licence suspension for any reason other than a reason set out in subsection (3),

- (a) the credit for that period shall be revoked;
- (b) the person shall again be classed as a probationary driver; and
- (c) a new probationary period shall start on the day after the day the suspension expires.

(9) Subsection (8) does not apply if, during the period from the commission of the offence until the effective date of the suspension, excluding any period for which a probationary credit has been awarded, the probationary driver meets the requirements set out in subsection (2).

(10) If a person who has ceased to be a probationary driver under subsection (1) is convicted of an offence committed within a period for which he or she acquired a probationary credit, and the conviction would have resulted in licence suspension had his or her accumulated demerit points not been reduced by the Registrar under section 9 or 13,

- (a) the credit for that period shall be revoked;
- (b) the person shall again be classed as a probationary driver; and
- (c) a new probationary period shall start on the twelfth day after the day the conviction is registered on the person's record.

(11) Subsection (10) does not apply if, during the period from the commission of the offence until the effective date of the demerit point reduction, excluding any period for which a probationary credit has been awarded, the probationary driver meets the requirements set out in subsection (2).

(12) If subsection (6), (7), (8) or (10) applies, demerit points accumulated as a result of offences committed prior to and including the time of the offence referred to therein shall not be included in determining whether a probationary driver meets the requirements set out in subsection (2) for the period from the commission of the offence until the effective date of the suspension or until the effective date of the demerit point reduction, as the case may be. O. Reg. 339/94, s. 14.

15. (1) The Registrar shall mail a notice to a novice driver at his or her latest address on the records of the Ministry setting out the reason for the notice, the circumstances under which his or her licence may be suspended and any other action the Ministry may take if, within any two-year period, the novice driver,

- (a) accumulates two, three, four or five demerit points;
- (b) has on his or her driver's record two or more convictions for moving violations not arising out of the same circumstances that do not result in an accumulation of demerit points or in a suspension; or
- (c) is involved in a collision for which he or she is assessed to be at fault or partially at fault.

(2) A failure to give notice under subsection (1) does not render any further proceeding under this Regulation ineffective.

(3) In this section and in section 16, a "moving violation" is a violation indicated by the letter "M" in the Ministry's Conviction Tables. O. Reg. 339/94, s. 15.

- (b) in the case of a subsequent suspension, six months have elapsed from the date the licence was surrendered on account of the suspension or two years have elapsed from the date of the suspension, whichever occurs first.

POLICY STATEMENT

PRIVATE PASSENGER AUTOMOBILE INSURANCE RISK CLASSIFICATION AND RATES

A policy statement of the Ontario Government

JUNE 2, 1994

(signature)
Floyd Laughren
Minister of Finance

Purpose

This policy statement is prepared under section 416 of the *Insurance Act* R.S.O. 1990, c.18, as amended. Those provisions are:

416.-(1) The Minister may issue policy statements on matters related to risk classification systems and automobile insurance rates.

(2) A policy statement takes effect on the day it is published in *The Ontario Gazette*.

(3) The Commissioner shall have regard to the policy statements issued under this section in making decisions under this Part.

This policy statement is issued by the Minister of Finance.

This statement addresses auto insurance rates and risk classification systems in respect to private passenger automobiles that are rated on an individual basis and written under Ontario Auto Policy Form 1 (Vehicle) or Ontario Auto Policy Form 2 (Driver).

A policy statement in relation to auto insurance rates and risk classification is needed to provide guidance to auto insurers following the introduction of Graduated Licensing in Ontario.

This statement is issued to indicate current government policy in relation to the classification of novice and newly-licensed drivers by insurers and a reduction of rates charged to drivers who successfully progress through the graduated licensing system.

Background

On April 1, 1994, the government passed regulations that introduced a Graduated Licensing system for new drivers in Ontario. On June 6, 1994, amendments to the *Highway Traffic Act* will be proclaimed in force and new regulations will be passed that define two new novice driver licence classes for private passenger automobiles and establish qualifications and restrictions for each class.

Graduated Licensing is a two-step process that affects new drivers applying for their first Ontario Class G automobile driver's licence. Graduated Licensing will last a minimum of 20 months for drivers during which time they can gain the knowledge and skills needed to operate a motor vehicle safely.

Level One (Class G1 Licence)

Level One lasts 12 months. If a new driver successfully completes an approved driver education course, this period will be reduced to eight months. Level One drivers:

- Must not drive if they have been drinking (maintain a zero blood alcohol level when driving);
- Must have only one passenger in the front seat. That person, the accompanying driver, must be a fully licensed driver with at least four years of driving experience. The accompanying driver must be authorized to operate a Class G passenger vehicle and must have a blood alcohol level of less than .05 per cent;
- Must limit the number of backseat passengers they carry to the number of seat belts in the backseats of the vehicle;
- Unless accompanied by a licensed driving instructor, must not drive on "400-series" highways with a posted speed limit greater than 80 km/h, or the Queen Elizabeth Way, Don Valley Parkway, Gardiner Expressway, E.C. Row Expressway and the Conestoga Parkway;
- Must not drive between the hours of midnight and 5 a.m.;
- May drive Class G vehicles only; and
- May choose to voluntarily display a vehicle sign indicating their new driver status. This is provided by the government to all new drivers entering Level One.

At the end of Level One, drivers must pass a road test of their driving skills to qualify for Level Two.

Level Two (Class G2 Licence)

Level Two of the program lasts a minimum of 12 months. At this level drivers have more privileges because of their driving experience. Level Two drivers:

- Must not drive if they have been drinking (maintain a zero blood alcohol level when driving);
- Must limit the number of people carried to the number of seat belts in the vehicle; and
- Must drive Class G vehicles only.

Obtaining full licence privileges

After completing Level Two, drivers will be eligible to take a comprehensive test to qualify for full licence privileges.

Basis of Policy

It is anticipated that the introduction of Graduated Licensing in Ontario will reduce claims costs and accident frequency. A study was prepared by the Ontario Insurance Commission that estimates the reduction in claims costs and accident frequency. The study indicates that \$34 - \$40 million of claim costs annually will be saved following the implementation of Graduated Licensing. The study also estimates that accident frequency for first year drivers will decrease by 10 - 20 per cent.

POLICY

Rates

It is the policy of the Province of Ontario that:

Savings in the automobile insurance system associated with Graduated Licensing should be passed on to drivers that progress through the Graduated Licensing system. Specifically, insurers are requested to implement changes to their risk classification systems and rates that will facilitate the following premium reductions:

- Novice drivers entering Level Two from Level One should receive a rate reduction of 10 per cent for all coverages where the driver's experience is used as a rating factor, provided that the driver has had no chargeable convictions or at-fault accidents at Level One. This reduction is applicable for 1 year; and
- Fully-licensed drivers who have progressed through the Graduated Licensing system should receive a rate reduction of 10 per cent for all coverages where the driver's experience is used as a rating factor, provided that the driver has had no chargeable convictions or at-fault accidents at Level Two. This reduction is applicable for 1 year.
- Driver training discounts and credits should continue to apply.

Risk Classification Changes

It is the policy of the Province of Ontario that:

Insurers take a uniform approach to rating novice and newly-licensed drivers:

- Level One drivers are not to be rated;
- Level Two drivers will be rated; and
- For the purpose of determining driving experience, insurers will credit drivers for the experience obtained at Level One to a maximum of one year, and at Level Two to a maximum of one year.

DÉCLARATION DE PRINCIPES

CLASSEMENT DES RISQUES ET TAUX D'ASSURANCE DES VOITURES DE TOURISME PRIVÉES

Déclaration de principes du gouvernement de l'Ontario

LE 2 JUIN 1994

(signature)
Floyd Laughren
Ministre des Finances

Objectif

En vertu de l'article 416 de la *Loi sur les assurances*, L.R.O. 1990, chap. I.8, tel que modifié, qui prévoit que :

416 (1) Le ministre peut faire des déclarations de principes sur des questions relatives aux couvertures ou aux catégories d'assurance-automobile, aux catégories de risques et aux taux d'assurance-automobile.

(2) Une déclaration de principes prend effet le jour où elle est publiée dans la *Gazette de l'Ontario*.

(3) Le commissaire tient compte des déclarations de principes faites en vertu du présent article lorsqu'il prend des décisions aux termes de la présente partie.

le ministre des Finances fait la présente déclaration de principes, qui vise le classement des risques et les taux d'assurance des voitures de tourisme dont les primes sont calculées sur une base individuelle et qui sont assurées aux termes des polices d'assurance-automobile de l'Ontario n^{os} 1 (véhicule) et 2 (propriétaire).

Une déclaration de principes relative aux taux d'assurance-automobile et au classement des risques s'avère nécessaire pour fournir des directives aux compagnies d'assurance-automobile à la suite de l'entrée en vigueur du système de délivrance graduelle des permis de conduire.

La présente déclaration de principes vise à présenter la politique actuelle du gouvernement en ce qui a trait au classement des conducteurs débutants et des nouveaux conducteurs par les assureurs et à la réduction des taux appliqués à ceux qui franchissent les étapes du système de délivrance graduelle des permis de conduire.

Historique

Le 1^{er} avril 1994, le gouvernement a adopté des règlements qui mettaient en place le système de délivrance graduelle des permis de conduire à l'intention des nouveaux conducteurs de l'Ontario. Des modifications au *Code de la route* entreront en vigueur le 6 juin 1994 et de nouveaux règlements définiront deux nouvelles catégories de permis de conduire pour conducteurs débutants de voitures de tourisme et établiront les conditions et les restrictions applicables à chaque catégorie.

La délivrance graduelle des permis de conduire est un processus en deux étapes qui vise les nouveaux conducteurs qui demandent leur premier permis de conduire de catégorie G de l'Ontario. Le pro-

cessus durera au moins 20 mois; au cours de cette période, les conducteurs pourront acquérir les connaissances et l'expérience nécessaires pour conduire un véhicule automobile en toute sécurité.

Niveau 1 (Permis de conduire de catégorie G1)

Le niveau 1 dure 12 mois. Les conducteurs peuvent ramener la durée à huit mois s'ils réussissent un cours de conduite approuvé. Pendant la durée du niveau 1, les conducteurs :

- ne doivent pas conduire après avoir consommé de l'alcool (maintenir un taux d'alcoolémie nul quand ils prennent le volant);
- ne doivent être accompagnés que d'un seul passager sur la banquette avant. Cette personne accompagnant le conducteur débutant doit être titulaire d'un permis de conduire doté de tous les privilèges et avoir au moins quatre ans d'expérience au volant. Elle doit avoir un permis l'autorisant à conduire une voiture de tourisme de catégorie G et avoir un taux d'alcoolémie inférieur à 0,05 pour 100;
- doivent limiter le nombre de passagers au nombre de ceintures de sécurité sur la banquette arrière du véhicule;
- ne doivent pas conduire sur les autoroutes de série 400 dont la limite de vitesse est supérieure à 80 km/h, ni sur le Queen Elizabeth Way, le Don Valley Parkway, l'autoroute Gardiner, l'autoroute E.C. Row et le Conestoga Parkway, à moins d'être accompagnés par un moniteur de conduite autorisé;
- ne doivent pas conduire entre minuit et 5 h;
- peuvent conduire uniquement des véhicules de catégorie G; et
- peuvent choisir d'afficher volontairement un panneau indiquant qu'ils sont des nouveaux conducteurs. Le gouvernement fournit ces panneaux à tous les nouveaux conducteurs entrant au niveau 1.

À la fin de la période de niveau 1, tous les conducteurs doivent passer une épreuve sur route de leurs aptitudes de conduite avant de passer au niveau 2.

Niveau 2 (Permis de conduire de catégorie G2)

Le niveau 2 dure au moins 12 mois. À ce niveau, les conducteurs jouissent de privilèges plus nombreux en raison de leur expérience acquise au volant. Pendant la durée du niveau 2, les conducteurs :

- ne doivent pas conduire après avoir consommé de l'alcool (maintenir un taux d'alcoolémie nul quand ils prennent le volant);
- doivent limiter le nombre de passagers au nombre de ceintures de sécurité sur la banquette arrière du véhicule;
- peuvent conduire uniquement des véhicules de catégorie G.

Obtention d'un permis de conduire doté de tous les privilèges

Après avoir franchi l'étape du niveau 2, les conducteurs sont admissibles à passer une épreuve globale en vue d'avoir droit à tous les privilèges de conduite.

Fondement des principes

On prévoit que le système de délivrance graduelle des permis de conduire en Ontario réduira les coûts reliés aux demandes de règlement et la fréquence des accidents. Selon une étude préparée par la Commission des assurances de l'Ontario, ce système permettra de réaliser des économies annuelles de 34 à 40 millions de dollars sur le plan des coûts reliés aux demandes de règlement. L'étude indique également que la fréquence des accidents impliquant des conducteurs ayant moins d'une année d'expérience sera réduite de 10 à 20 pour 100.

PRINCIPES**Taux d'assurance****La Province de l'Ontario a pour principe que :**

Les conducteurs qui franchissent les étapes du système de délivrance graduelle des permis de conduire doivent bénéficier des économies que ce système entraîne pour l'assurance-automobile. En particulier, le gouvernement demande aux assureurs de modifier leurs systèmes de classement des risques et leurs taux de façon à faciliter les réductions de primes suivantes :

- Les conducteurs débutants passant du niveau 1 au niveau 2 doivent bénéficier d'une réduction de taux de 10 pour 100 pour toutes les garanties dont les primes sont calculées en fonction de l'expérience du conducteur, à condition qu'au niveau 1, le conducteur n'ait pas fait l'objet de condamnations entraînant des hausses de primes d'assurance ou n'ait pas été considéré comme responsable d'un accident. Cette réduction est applicable pendant un an.
- Les conducteurs qui obtiennent un permis de conduire doté de tous les privilèges après avoir franchi toutes les étapes du système de délivrance graduelle des permis de conduire doivent bénéficier d'une réduction de 10 pour 100 pour toutes les garanties dont les primes sont établies d'après l'expérience du conducteur, à condition qu'au niveau 2, le conducteur n'ait pas fait l'objet de condamnations entraînant des hausses de primes

d'assurance ou n'ait pas été considéré comme responsable d'un accident. Cette réduction est applicable pendant un an.

- Les réductions de taux et les crédits consentis aux élèves d'écoles de conduite doivent être maintenus.

Changements de classement des risques**La Province de l'Ontario a pour principe que :**

Les assureurs adoptent une méthode uniforme de classement des conducteurs débutants et des nouveaux titulaires d'un permis :

- Les conducteurs au niveau 1 ne doivent pas être classés; et
- Les conducteurs au niveau 2 doivent être classés; et
- Aux fins de déterminer l'expérience des conducteurs, les assureurs reconnaîtront aux conducteurs l'expérience acquise au niveau 1, jusqu'à concurrence d'un an, et au niveau 2, jusqu'à concurrence d'un an.

PART I PHASE-IN OF TAX INCREASES IN THE ANNEXED AREA

3. Clause 7 (a) of the Regulation is amended by striking out "Regulation" in the third line and substituting "Part".

4. Section 8 of the Regulation is revoked and the following substituted:

8. In any year, where the amount of tax assistance provided under subsections 5 (3) and (4) exceeds the amount of the eligible maximum tax adjustments added under section 13, the difference shall be charged to the general funds of The Corporation of the City of London in that year. O. Reg. 346/94, s. 4.

5. Subsection 9 (1) of the Regulation is amended by striking out "under this Regulation" in the third line and substituting "under this Part".

6. The Regulation is amended by adding the following Part:

PART II PHASE-IN OF TAX DECREASES IN THE CITY OF LONDON

10. (1) In 1994, the treasurer shall establish,

- (a) a realty tax differential for each separately assessed residential or farm property in the special area by subtracting the product of the mill rate set out in subsection (6) and the assessment on that property as shown on the last returned assessment roll for the City of London for the purposes of taxation in 1994 from the 1993 residential tax responsibility on that property;
- (b) a realty tax differential for each separately assessed commercial or industrial property in the special area by subtracting the product of the mill rate set out in subsection (7) and the assessment on that property as shown on the last returned assessment roll for the City of London for the purposes of taxation in 1994 from the 1993 commercial tax responsibility on that property; and
- (c) a business tax differential for each separately assessed business in the special area by subtracting the product of the mill rate set out in subsection (7) and the commercial assessment for that business as shown on the last returned assessment roll for the City of London for the purposes of taxation in 1994 from the 1993 business tax responsibility on that business.

(2) If, before the return of the assessment roll for purposes of taxation in 1998, the assessment pertaining to a residential or farm property, a commercial or industrial property or a business in the special area is increased from that shown in the assessment roll for the City of London for the purposes of taxation in 1994, the treasurer shall re-establish the realty tax differential under clause (1) (a) or (1) (b) or the business tax differential under clause (1) (c), as the case may be, and for this purpose the increased assessment shall be deemed to be the assessment shown on the last returned assessment roll for the City of London for the purposes of taxation in 1994.

(3) If, before December 31, 1996, as a result of an assessment appeal under the *Assessment Act*, the assessment pertaining to a residential or farm property, a commercial or industrial property or a business in the

special area is revised from that shown in the last returned assessment roll for the City of London for the purposes of taxation in 1993, the treasurer shall re-establish the realty tax differential under clause (1) (a) or (b), or the business tax differential under clause (1) (c), as the case may be, and for this purpose the revised assessment shall be deemed to be the assessment on the last returned assessment roll for purposes of taxation in 1993.

(4) A tax differential re-established under subsection (1) in accordance with subsection (2) shall be used to determine the amount of tax increase to be added under subsection 12 (2) commencing on the effective date the change is made to the last returned assessment roll.

(5) A tax differential re-established under subsection (1) in accordance with subsection (3) shall be used to determine the amount of tax increase to be added in any year under subsection 12 (2).

(6) The following mill rates shall be used for the calculations under clause (1) (a):

1. In the case of a property in the land annexed to the City of London under clause 2 (1) (a) of the Act, 301.341 mills.
2. In the case of a property in the land comprising the City of London as of December 31, 1992, 309.555 mills.

(7) The following mill rates shall be used for the calculations under clauses (1) (b) and (c):

1. In the case of a property or business in the land annexed to the City of London under clause 2 (1) (a) of the Act, 354.519 mills.
2. In the case of a property or business in the land comprising the City of London as of December 31, 1992, 364.183 mills. O. Reg. 346/94, s. 6, *part*.

11. Sections 12 and 13 do not apply to a residential or farm property, a commercial or industrial property or a business unless the tax differential pertaining to the property or business, as determined under subsection 10 (1), is greater than \$15. O. Reg. 346/94, s. 6, *part*.

12. (1) In each year from 1994 to 1997, inclusive, the maximum eligible tax decrease on a residential or farm property, a commercial or industrial property or a business in the special area shall be as follows:

1. In 1994, 93 per cent of the realty tax differential or the business tax differential, as the case may be, as determined under subsection 10 (1).
2. In 1995, 94.5 per cent of the realty tax differential or the business tax differential, as the case may be, as determined under subsection 10 (1).
3. In 1996, 96.5 per cent of the realty tax differential or the business tax differential, as the case may be, as determined under subsection 10 (1).
4. In 1997, 98.5 per cent of the realty tax differential or the business tax differential, as the case may be, as determined under subsection 10 (1).

(2) In each year from 1994 to 1997, inclusive, the maximum eligible tax adjustment to be added to each residential or farm property, each commercial or industrial property and to each business shall be the difference between the realty tax differential determined under clause 10 (1) (a) or (b) or the business tax differential determined under clause 10 (1) (c), as the case may be, and the applicable maximum eligible tax decrease for that year determined under subsection (1). O. Reg. 346/94, s. 6, *part*.

13. (1) In each year from 1994 to 1997, inclusive, the municipal realty taxes in respect of a residential or farm property shall be calculated by multiplying the residential mill rate of the City of London for all purposes for that year by the assessment pertaining to that property, as shown on the last returned assessment roll for the City of London for that

taxation year, and adding the maximum eligible tax adjustment for that year as determined by the treasurer under subsection 12 (2).

(2) In each year from 1994 to 1997, inclusive, the municipal realty taxes in respect of a commercial or industrial property or the business taxes in respect of a business shall be calculated by multiplying the commercial mill rate of the City of London for all purposes for that year by the assessment pertaining to that property or business, as the case may be, as shown on the last returned assessment roll for the City of London for that taxation year, and adding the maximum eligible tax adjustment for that year as determined by the treasurer under subsection 12 (2). O. Reg. 346/94, s. 6, *part*.

14. If a commercial or industrial property in the special area is subject to a residential mill rate, the property shall continue to be treated as a commercial or industrial property except that,

- (a) the residential mill rate shall be substituted for the commercial mill rate that would otherwise apply in all calculations under this Part;
- (b) where the property is in the land comprising the City of London as of December 31, 1992, the mill rate of 309.555 shall be used for the purpose of calculating the realty tax differential under clause 10 (1) (b); and
- (c) where the property is in the land annexed to the City of London under clause 2 (1) (a) of the Act, the mill rate of 301.341 shall be used for the purpose of calculating the realty tax differential under clause 10 (1) (b). O. Reg. 346/94, s. 6, *part*.

15. Despite this Regulation, if a change to a property in the special area occurring after this Regulation comes into force has the effect of decreasing the assessed value of the property by at least 50 per cent, the phase-in under this Part of the real property taxes on the property and of the business taxes with respect to a business located on the property ceases effective January 1 of the year following the year in which the change occurred. O. Reg. 346/94, s. 6, *part*.

EDWARD J. KELLY,
 Deputy Registrar General.

Ministry of Labour Ministère du Travail

NOTICE OF PROPOSED REGULATION RESPECTING THE FINDINGS OF THE HEALTH AND SAFETY ADJUDICATOR UNDER SECTION 46 OF THE OCCUPATIONAL HEALTH AND SAFETY ACT

NOTICE IS HEREBY GIVEN of the following proposed regulation relating to Criteria respecting the Findings of the Health and Safety Adjudicator under Section 46 of the *Occupational Health and Safety Act* R.S.O. 1990, c. O.1 (the *Act*).

The proposed regulation establishes criteria to be used by the Occupational Health and Safety Adjudicator to determine whether to grant certified joint health and safety committee members and Ministry of Labour inspectors the authority to stop work unilaterally in dangerous circumstances, and to determine whether a constructor or an employer has demonstrated failure to protect the health and safety of workers.

Section 46 of the *Occupational Health and Safety Act* empowers a certified committee member at a workplace or an inspector who has reason to believe that the bilateral procedure for stopping work, as set out in Section 45 of the *Act*, will not be sufficient to protect a constructor's or employer's workers at the workplace from serious risk to their health and safety, to apply to the adjudicator for a declaration to stop work for a specified period, and/or to have an inspector oversee health and safety practices at the workplace for a specified period.

The adjudicator may issue the declaration and/or recommend that an inspector be assigned to oversee health and safety practices if he/she finds that the procedure set out in Section 45 of the *Act* is not sufficient to protect workers from serious risk to their health and safety.

The *Act* requires the adjudicator to make a finding, using specified criteria, as to whether the constructor or employer has demonstrated a failure to protect the health and safety of workers. The adjudicator may also consider other such matters as may be prescribed.

The proposed regulation has two sections.

1. The first section lists eight (8) general criteria, which the adjudicator will consider to determine whether the bilateral procedure for stopping work will be insufficient to protect workers from serious risk to their health and safety.
2. The second section lists five (5) specific criteria which the adjudicator must consider for the purposes of paragraph 1 of Section 1 of the regulation (i.e., whether a constructor or an employer demonstrated a failure to protect the health and safety of workers).

These criteria will help to answer questions concerning the history of health and safety at the workplace, and what the constructor or employer did to protect workers from serious risk.

The Ministry is committed to an open and consultative process for the development of regulations on the basis that this is more likely to result in quality regulations which are more understandable and acceptable to the affected parties.

The Ministry welcomes comments on the proposed regulation or on any particular section therein. Comments must be submitted by **September 30, 1994** to:

Proposed Regulation respecting Section 46 Criteria
Edit and Control Unit
Information and Administrative Services
Ministry of Labour
400 University Avenue, 9th Floor
Toronto, Ontario
M7A 1T7

In order to ensure the most expeditious development of this regulation, the deadline for comments will be adhered to.

The Ministry intends to complete the development of this regulation by **May 30, 1995**. All submissions received and analysed will be made available for public examination at the conclusion of the regulation development process. Requests for the confidential treatment of information will be considered.

- a) soit de la date initialement fixée pour la conclusion de la convention d'achat;
- b) soit de la prolongation visée à l'alinéa (3) a) ou b).

(2) Le paragraphe (1) ne s'applique pas à la période de retard de conclusion ayant pour cause une grève, un incendie, une inondation, la force majeure ou une insurrection populaire.

(3) Sous réserve de la disposition 5 de l'addendum visé à la disposition 12 de l'article 1 du Règlement 894 des Règlements refondus de l'Ontario de 1990, le paragraphe (1) ne s'applique pas lorsque, selon le cas :

(10) S'il est en mesure de fournir l'occupation avant la date d'occupation confirmée, le vendeur garantit que l'occupation avant cette date ne sera pas nécessaire à moins que l'acheteur n'y consente par écrit. Dès lors, la date révisée devient la date d'occupation confirmée aux fins du calcul de l'indemnité payable aux termes du paragraphe (5).

(11) Le paragraphe (5) ne s'applique pas à la période de retard de l'occupation ayant pour cause une grève, un incendie, une inondation, la force majeure ou une insurrection populaire.

(12) Le vendeur peut prolonger la date d'occupation confirmée, selon le cas :

ONTARIO REGULATION 350/94
made under the
ENVIRONMENTAL ASSESSMENT ACT

Approved: June 2, 1994
Filed: June 9, 1994

**EXEMPTION—THE REGIONAL MUNICIPALITY
OF SUDBURY—SUDB-RG-2**

Having received a request from The Regional Municipality of Sudbury (the "Proponent") that an undertaking, namely:

the interim expansion, operation and closure of the Onaping Falls Landfill Site at part of lots 11 and 12, Concession 6, Township of Dowling, Town of Onaping Falls, District of Sudbury for the disposal of domestic, commercial and non-hazardous solid industrial waste,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Proponent that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The current users of the Site who are located in The Regional Municipality of Sudbury will be without a municipal solid waste disposal facility.
- B. The Proponent will be subject to unnecessary delay and expense in implementing its long-term waste management program.
- C. The Proponent will be subject to unnecessary delay and expense if it is required to prepare an environmental assessment for the undertaking.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The continued operation of the existing landfill is clearly an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary time frame.
- B. The other alternatives which have been investigated do not provide adequate capacity for the Proponent's waste, pending commissioning of a facility through the Proponent's long-term waste management program.
- C. A hearing under Part V of the *Environmental Protection Act* for

approval of the continued operation and interim expansion will be held, thereby permitting the public and government agencies the opportunity for a detailed examination of the proposed changes to the site to protect the environment.

- D. It is the intention of the Proponent that the proposed long-term waste management program of The Regional Municipality of Sudbury be pursued in accordance with applicable legislation and the Proponent expects that sufficient elements of the program will be implemented prior to the conclusion of the exempt undertaking so that the Proponent will not have to seek further approvals for the Onaping Falls Landfill Site prior to completion of the long-term waste management program.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as, or is part of, an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as, or is part of, another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. The undertaking may include the acquisition of additional lands within the boundaries of the lands shown as "The Proposal" on Map 3-1, April, 1993, a copy of which is in the document entitled "Request for Section 29 Exemption from the *Environmental Assessment Act* for Interim Expansion of the Onaping Falls Landfill Site" prepared by Proctor and Redfern Limited August, 1993, which document is filed with the public records maintained under section 30 of the *Environmental Assessment Act* ("Public Record"). The above-mentioned lands may be amended as a result of the hearing under Part V of the *Environmental Protection Act*.
4. No waste shall be deposited at the Onaping Falls Landfill Site pursuant to this order more than five years after the date of receipt of waste under this order in the interim expansion area.
5. The Proponent will continue to file the annual reports on its progress in implementing its Waste Management Plan required under condition 6 of O. Reg. 393/93 (an exemption order for the interim expansion of the Sudbury Landfill Site) until the later of the time provided under that exemption order and the Director, Environmental Assessment Branch advising the Proponent in writing that further reports are not required pursuant to this condition.
6. Except as may be provided in the Certificate of Approval issued under Part V of the *Environmental Protection Act*, the Onaping Falls Landfill Site shall be operated in accordance with the reports entitled: "Request for Section 29 Exemption from the *Environmental Assessment Act* for Interim Expansion of the Onaping Falls Landfill Site", "Supporting Documentation to an Application for a Certificate of Approval for Interim Expansion of the Onaping Falls Landfill Site".
7. The Proponent will prepare and give such public notice as is appropriate in the Proponent's opinion which notice must include an advertisement in a newspaper with general circulation to the area surrounding the Onaping Falls Landfill Site, of the annual reports, if any, required by the Part V Certificate of Approval relating to monitoring, closure and post closure activities at the site. The notice must specify locations where the Proponent will make the reports available for review and comment. A copy of each notice shall be provided to the Environmental Assessment Branch for the public record maintained under section 30 of the Act.

8. The preliminary hearing for the undertaking under the *Environmental Protection Act* shall not be called until the Proponent has completed the Onaping Falls Landfill Interim Expansion Wetland Inventory/Fish Assessment as referenced in the August 16, 1993 letter to the Proponent from Proctor and Redfern Limited.
9. Obtaining all necessary approvals for the implementation of the Waste Management Plan in accordance with applicable legislation within the interim period specified in condition 4 shall be pursued expeditiously. O. Reg. 350/94.

19. Despite sections 10 to 18, for the purposes of calculating the discounted equalized assessment in 1994 for municipalities where a proclamation has been made for the return of a new assessment roll under section 63 of the *Assessment Act*, the equalized equivalent assessment shall be the amount set out in Column 2 of Schedule 3. O. Reg. 376/94, s. 19.

20. This part does not apply to the County of Brant, the County of Huron, the County of Kent, the County of Renfrew, the County of Prince Edward, the County of Dufferin, the County of Lambton, the County of Lanark, the County of Elgin, the County of Perth, the County of Bruce or the County of Leeds and Grenville. O. Reg. 376/94, s. 20.

PART III DISTRICT BOARDS

21. (1) In this Part,

“apportionment” means an apportionment made by a district board among all the municipalities within the district board area of the total amount required for the purposes of the district board under the Act establishing the district board;

“average municipal commercial mill rate” means, in respect of a supporting municipality, the rate obtained by dividing the total taxes levied for all purposes, other than for school purposes and under sections 33 and 34 of the *Assessment Act*, on the commercial assessment in 1993 by the total commercial assessment for 1993, multiplied by 1,000;

“average overall commercial mill rate” means in respect of a supporting municipality, the rate obtained by dividing the total taxes levied for all purposes, other than under sections 33 and 34 of the *Assessment Act*, on the commercial assessment of public school supporters for 1993 by the total commercial assessment for 1993, multiplied by 1,000;

“equivalent assessment” means the sum of,

- (a) the valuations contained on the last returned assessment roll for which payments in lieu of taxes on real property and business assessment are payable but,

(i) reduced, where payment is predicated on the residential and farm mill rate, by multiplying that assessment by the appropriate discount factor for purposes of determining a discounted assessment for that supporting municipality, and

(ii) if a municipality is entitled to receive a payment from Ontario Hydro under subsection 52 (6) of the *Power Corporation Act*, substituting the amount determined by dividing the 1993 payment in lieu of taxes on real property and business assessment by the average overall commercial mill rate and multiplying the result by 1,000 for the valuations payable from Ontario Hydro,

- (b) the amount determined by dividing the sum of,

(i) the 1993 entitlements under section 157 of the *Municipal Act*, and

(ii) the difference, if greater than zero, determined by subtracting the assessed value of all provincial parks and wilderness areas in a municipality multiplied by the average commercial mill rate and divided by 1,000, from the amount the municipality was entitled to receive in 1983 under section 4 of the *Provincial Parks Municipal Tax Assistance Act* as that provision read on December 31, 1983,

by the average commercial mill rate and multiplying the result by 1,000, and

- (c) the amount determined by dividing the 1993 entitlements under section 159 of the *Municipal Act* by the average overall commercial mill rate and multiplying the result by 1,000;

“municipality” means,

- (a) a supporting municipality, except an area municipality in The Regional Municipality of Sudbury, and

(b) The Regional Municipality of Sudbury;

“municipality within a district board area” means a municipality that is located within a district board area and against which an apportionment is to be made in 1994 by the district board.

(2) In this Part, the discounted equalized assessment of a district board is the total of the discounted equalized assessments of all municipalities within the district board area.

(3) Despite subsection (2), for the purposes of this Part, the discounted equalized assessment of The Regional Municipality of Sudbury is the sum of the discounted equalized assessments of the supporting municipalities within the regional municipality. O. Reg. 376/94, s. 21.

22. In 1994, the Ministry of Finance shall determine, in respect of each district board,

- (a) the discounted equalized assessment of each municipality within the district board area; and

(b) the discounted equalized assessment of each district board. O. Reg. 376/94, s. 22.

23. The Ministry of Finance shall, in respect of every district board, determine the percentage share of apportionment, correct to three decimal places, for each municipality within the district board area by dividing the discounted equalized assessment of each municipality as determined under clause 22 (a) by the discounted equalized assessment of the district board as determined under clause 22 (b) and multiplying the result by 100. O. Reg. 376/94, s. 23.

24. The discounted equalized assessment determined under clause 22 (a) and the respective percentage share of apportionment determined for each municipality under section 23 shall be substituted for the weighted equalized assessment or equalized assessment in the notice of the weighted equalized assessment or equalized assessment of each municipality that is sent by the Ministry of Finance to a district board under the Act establishing the district board. O. Reg. 376/94, s. 24.

25. (1) For 1994, the apportionment of the total sum required for district board purposes among the municipalities within a district board area shall be made on the basis of the percentages determined for each municipality under section 23.

(2) The Ministry of Finance shall submit to each district board, a statement showing the information mentioned in clauses 22 (a) and (b), and the calculations which produced that information.

(3) Upon receipt of the statement referred to in subsection (2), the district board shall promptly forward a copy of the statement to the clerk of each municipality within the district board area. O. Reg. 376/94, s. 25.

26. Each district board shall forward to the Ministry of Municipal Affairs a statement showing the total amount apportioned for 1994, as modified by subsection 25 (1), among the municipalities within the district board area under the Act establishing the district board. O. Reg. 376/94, s. 26.

27. (1) If the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of one or more municipalities within a

district board area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the district board, notice of the alteration shall be given promptly by the clerk of the municipality to the Ministry of Finance.

(2) Upon being satisfied that all appeals have been determined and that all notices required under subsection (1) have been received, the Ministry of Finance shall, using the altered equalization factor, residential and farm assessment, commercial assessment or equivalent assessment, as the case may be,

- (a) make the determinations required under sections 21, 22 and 23; and
- (b) revise the notice and information to be supplied under sections 24 and 25.

(3) When a district board receives a notice revised by the Ministry of Finance under clause (2) (b), the district board shall amend the apportionment of the total sum required for district board purposes among the municipalities within the district board area on the basis of the adjusted equalized assessments as determined. O. Reg. 376/94, s. 27.

28. Despite sections 21 to 27, for the purpose of calculating the discounted equalized assessment in 1994 of municipalities where a proclamation has been made for the return of a new assessment roll under section 63 of the *Assessment Act*, the equalized equivalent assessment shall be the amount set out in Column 2 of Schedule 3. O. Reg. 376/94, s. 28.

PART IV CONSERVATION AUTHORITIES

29. (1) In this Part,

“apportionment” means an apportionment made by a conservation authority among the municipalities within the conservation authority area of an amount required for the purposes of the conservation authority under the *Conservation Authorities Act*;

“municipality” means a regional municipality, supporting municipality, city or separated town;

“municipality within a conservation authority area” means a municipality that is located wholly or partly within a conservation authority area and against which an apportionment is to be made in 1994 by the conservation authority.

(2) In this Part, the discounted equalized assessment of a conservation authority is the total of the discounted equalized assessments of all municipalities within a conservation authority area.

(3) Where only part of a municipality against which an apportionment is made by a conservation authority in 1994 is located within the conservation authority area, the discounted equalized assessment for that part of the municipality shall be deemed to be the discounted equalized assessment for the whole municipality for the purposes of this Part.

(4) For the purposes of this Part, the discounted equalized assessment of a regional municipality is the sum of the discounted equalized assessments of the municipalities within the regional municipality. O. Reg. 376/94, s. 29.

30. In 1994, the Ministry of Natural Resources shall determine, in respect of each conservation authority,

- (a) the discounted equalized assessment of each municipality within the conservation authority area; and
- (b) the discounted equalized assessment of each conservation authority. O. Reg. 376/94, s. 30.

31. The Ministry of Natural Resources shall, in respect of each conservation authority, determine the 1994 percentage share of apportionment,

correct to four decimal places, for each municipality within the conservation authority area by dividing the discounted equalized assessment of each municipality, as determined under clause 30 (a), by the discounted equalized assessment of the conservation authority, as determined under clause 30 (b) and multiplying the result by 100. O. Reg. 376/94, s. 31.

32. The discounted equalized assessment determined under section 30 and the respective 1994 percentage share of apportionment determined for each municipality under section 31 shall be substituted for the equalized assessment in the notice of the equalized assessment that is provided to the conservation authority by the Ministry of Natural Resources under the Act establishing a conservation authority. O. Reg. 376/94, s. 32.

33. (1) For 1994, the apportionment of the conservation authority levies among the municipalities within a conservation authority area shall be made on the basis of the percentages determined for each municipality under section 31.

(2) The Ministry of Natural Resources shall submit to each conservation authority to which subsection (1) applies a statement showing the information mentioned in clauses 30 (a) and (b) and the calculations which produced that information.

(3) A conservation authority shall, upon receipt of the statement referred to in subsection (2), promptly forward a copy of the statement to the clerk of each municipality within the conservation authority area. O. Reg. 376/94, s. 33.

34. (1) The total discounted equalized assessment for the City of London is to be distributed as follows:

1. Upper Thames River Conservation Authority	10,251.1 million
2. Lower Thames River Conservation Authority	23.3 million
3. Kettle Creek Conservation Authority	211.4 million

(2) For the purposes of the Nottawasaga Valley Conservation Authority,

- (a) the Township of Springwater shall assume all apportionment owing by the Township of Flos and the Township of Vespra and 86 per cent of the apportionment owing by the Township of Medonte;
- (b) the Township of Clearview shall assume all apportionment owing by the Town of Stayner, the Village of Creemore, the Township of Nottawasaga and the Township of Sunnidale;
- (c) the Township of Adjala-Tosorontio shall assume all apportionment owing by the Township of Adjala and the Township of Tosorontio; and
- (d) the Township of Oro-Medonte shall assume all apportionment owing by the Township of Oro and 14 per cent of the apportionment owing by the Township of Medonte. O. Reg. 376/94, s. 34.

35. Each conservation authority shall forward to the Ministry of Natural Resources a statement showing the total amount apportioned for 1994, as modified by subsection 33 (1), among the municipalities within the conservation authority area under the Act establishing the conservation authority. O. Reg. 376/94, s. 35.

36. (1) Where the equalization factor, the residential and farm assessment or the commercial assessment of one or more municipalities within a conservation authority area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the conservation authority, notice of the alteration shall be given promptly by the clerk of the municipality to the Ministry of Natural Resources.

(2) Upon being satisfied that all appeals have been determined and that all notices under subsection (1) have been received, the Ministry of Natural Resources shall, using the altered equalization factor, the residential and farm assessment or the commercial assessment, as the case may be,

- (a) make the determinations required under sections 30 and 31; and
- (b) revise the notice and information to be supplied under sections 32 and 33.

(3) When a conservation authority receives a notice revised by the Ministry of Natural Resources under clause (2) (b), the conservation authority shall amend the apportionment of the total sum required for conservation authority purposes among the municipalities within the conservation authority area on the basis of the adjusted discounted equalized assessments. O. Reg. 376/94, s. 36.

PART V GENERAL

37. (1) Where any Act requires the Ministry of Finance or the Ministry of Municipal Affairs to equalize assessment rolls or parts of an assessment roll that relate to two or more defined areas within a supporting municipality, the Ministry of Municipal Affairs shall, in equalizing each assessment roll or each part of it for purposes of municipal taxation in 1994, use the same equalization factor as was used to equalize the assessment roll or part of it for purposes of municipal taxation in 1993.

(2) Subsection (1) does not apply to a supporting municipality where there has been a different assessment generally of real property within that supporting municipality under section 58 of the *Assessment Act*. O. Reg. 376/94, s. 37.

38. (1) If the Ministry of Municipal Affairs, Ministry of Finance or Ministry of Natural Resources, as the case may be, determines in respect of a regional municipality, county, district board or conservation authority that any calculation made under this Regulation was made incorrectly or was based on incorrect information, the Ministry of Municipal Affairs may correct the calculation and may determine the amount that would have been payable to the supporting municipalities within the regional municipality, county, district board area or conservation authority area if the calculation had been correct and the grants payable under Part I or II may be adjusted accordingly.

(2) If a determination is made under subsection (1) in respect of an apportionment and levy of a regional municipality, county, district board or conservation authority, that apportionment and levy shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a supporting municipality shall be corrected in the same manner as it is corrected following an appeal of a county apportionment by-law or of a discounted equalized assessment being used for apportionment purposes, as applicable. O. Reg. 376/94, s. 38.

39. This Regulation applies to apportionments and levies made on or after January 1, 1994. O. Reg. 376/94, s. 39.

40. Ontario Regulation 533/93 is revoked.
